

THE 3X BUYER LOOP SYSTEM

The 45-Day Retention System That
Turns Every Sale Into 3x The Revenue

BOOTIE MASTER

WELCOME

One Sale, Three Paydays

THE PROBLEM

60 percent of handmade sellers never hear from a buyer again after the first sale — and that one buyer could have been worth 3 times more.

WHY THIS WORKS

- getting a new customer costs 5 times more than getting an old one to buy again.
- a small unconditional gift triggers the urge to reciprocate.
- people remember the peak moment and the ending, not the average.

THE 3X BUYER LOOP

REPEAT

the same buyer comes back in 30-60 days for a complementary item.

REFERRAL

that buyer brings 2 new buyers through a care card and a bounty program.

UPSELL

the buyer moves from one bootie to a full gift set on their second purchase.

WHAT YOU NEED

An Etsy shop with at least one sale.

20 minutes a week.

The scripts on the next pages.

A little kraft paper and ribbon.

THE TIMELINE

RULE:

The follow-up is where the real money lives, not the first sale.

Day 3 — The Thank-You + Care Message

OVERVIEW

Send this the moment a buyer's order ships to start the relationship off warm, not silent.

WHEN TO SEND

- Same day the order ships, evening works best.
- Etsy Convo message, not a generic shipping notification.
- Personalize with the buyer's first name and the item they bought.
- Keep it under 80 words — warm, not salesy.

WHAT TO AVOID

- Sending it more than 24 hours after shipping.
- Copy-pasting with no personalization at all.
- Asking for a review in this first message.
- Mentioning any other product yet.

SCRIPT TEMPLATE

Hi {first_name}! Your {item} just shipped 📦

I hand-made this one myself and I think you're going to love it.

Quick care tip: hand wash cold, lay flat to dry.

Thank you for supporting a small handmade shop!

TIP: This message alone can double how many buyers reply to you later.

Day 14 — The No-Ask Check-In

OVERVIEW

Check in with zero ask so the buyer feels cared for, not sold to — this is what earns the right to sell later.

WHEN TO SEND

- Exactly 14 days after delivery, not before
- Only if the buyer hasn't already messaged you
- Ask a genuine question about the baby or the fit
- No links, no offers, no "by the way"

WHAT TO AVOID

- Turning this into a sales pitch
- Sending it if they already left a review — skip to Day 30
- Making it long — 2-3 sentences is enough
- Sending from a templated tone that feels robotic.

SCRIPT TEMPLATE

"Hi {first_name}, just checking in — how did the {item} fit?"

"No need to reply if you're busy, just wanted to make sure it arrived well!"

"Sending you a warm hello from the shop 🧡"

TIP: The buyers who reply here are your warmest leads for Day 30.

Day 30 — The Repeat Offer

OVERVIEW

Now that trust is built, offer the complementary item that naturally follows their first purchase.

WHEN TO SEND

- 30 days after delivery, to everyone who received Day 3 and 14;
- Pick 1 complementary item using the matrix on page 9;
- Include a small, real reason to act now (limited batch, seasonal);
- Always include the direct listing link.

WHAT TO AVOID

- Offering the exact same item they already bought;
- Using fake urgency ("only 2 left!" when it isn't true);
- Sending to buyers who never replied to Day 14;
- Forgetting the discount code if you're using one.

SCRIPT TEMPLATE

Hi {first_name}! I just listed a matching {complementary_item}.

Since you loved the {item}, thought you'd want first look.

Use REPEAT10 for 10% off through this weekend: {listing_link}.

TIP: A returning buyer converts 3-5x easier than someone finding your shop cold.

Day 45 — The Referral Ask

OVERVIEW

Turn a happy buyer into your best unpaid marketing channel with one simple, generous ask.

WHEN TO SEND

- 45 days after delivery, to buyers who engaged at Day 14 or 30.
- Lead with a real thank you before the ask.
- Give a genuine incentive to both sides, not just the referrer.
- Make sharing effortless — one link, one code.

WHAT TO AVOID

- Asking for a referral before Day 45.
- Offering a reward only to the referrer, none for the friend.
- Making the buyer explain the program themselves.
- Forgetting to thank them again once a referral converts.

SCRIPT TEMPLATE

“Hi {first_name}! If you know another crochet-loving mama...”

“Share this link and you BOTH get \$5 off your next order: {referral_link}”

“No pressure at all — just wanted you to have it.”

TIP:

One good referral ask can bring in 2 new buyers for the price of zero ad spend.

The Instagram DM Sequence

OVERVIEW

- Mirror the Etsy Convo sequence on Instagram for buyers who found you there or follow your shop.

POST-PURCHASE DM

- Send within 24 hours if they follow your account.
- “Thank you so much for your order! 🧶 Can’t wait for it to arrive.”
- Tag it as a DM, never a public comment.

STORY-REPLY DM

- Reply personally to anyone who reposts your product.
- “This made my whole week, thank you for sharing!”
- Ask permission before reposting to your own Story.

UNBOXING REPOST ASK

“Would you mind if I shared your unboxing video? I’ll tag you!”

“Here’s a \$5 code as a thank-you for sharing: {code}”

Always credit and tag the original poster.

TIP: Instagram DMs feel more personal than Etsy Convo — use that warmth, don’t waste it.

The Email Follow-Up Flow

OVERVIEW

If you collect emails at checkout, layer in a light 3-email flow alongside the Etsy Convo sequence.

WELCOME EMAIL

- Sent immediately after purchase
- Thank you + care instructions + shop story in 3 sentences
- One soft CTA: follow on Instagram.

DAY 10 TIP EMAIL

- One genuinely useful care or styling tip
- No offer, no ask — pure value
- Reinforces you as a thoughtful maker, not just a shop.

DAY 25 OFFER EMAIL

- Same complementary-item offer as the Day 30 Etsy message
- Subject line names the specific item, not “New in the shop!”
- One clear button: “Shop the match”

TIP: Email and Etsy Convo together catch buyers wherever they actually read messages.

The Referral Bounty Program

OVERVIEW

Set up the referral program once so every Day 45 message has something real to point to.

PROGRAM SETUP

- Create one discount code per referrer, tracked by name.
- Reward: \$5 off for the referrer, \$5 off for the friend.
- Set a simple rule: reward applies after the friend's order ships.
- Keep a spreadsheet: referrer, code, friend, status.

TERMS TO KEEP SIMPLE

- One reward per successful referral, no cap needed early on.
- Code expires in 30 days to create gentle urgency.
- No minimum order size — keep friction at zero.

TRACKING TEMPLATE COLUMNS

Referrer name

Code issued

Date sent

Friend's order status

Reward paid?

TIP: *A program that's easy to explain in one sentence is a program people actually use.*

The Bundle Builder — 4 Cash-Multiplier Framings

OVERVIEW

Turn a single-item buyer into a gift-set buyer with 4 ready-made bundle framings.

GIFT SET

- Bootie + matching item + care card, ribbon-tied.
- Positioned as “the complete baby gift”, priced 40% above single item.

BABY-SHOWER BOX

- 3-4 coordinated items in a branded kraft box.
- Priced as one gift, not itemized — removes price comparison.

MORE FRAMINGS

Twin / multi-baby set:

2 matching pairs at a small combined discount.

Grandparent-legacy set:

premium packaging, keepsake box, higher price point.

Always show the bundle photo, never just a bullet list of contents.

TIP: Selling one bootie caps your price.
Selling a set removes the ceiling.

THE LOOP IS RUNNING

Every sale you make from now on has a built-in path to become three — a repeat order, a referral, and an upsell — as long as you send these messages on schedule.
