

Thank-You & Referral Cards

5 designs, front + back, 6 × 4 in / 15.2 × 10.2 cm, two per sheet with cut lines.

What's inside

1. Pages 2–3 · Thank-you A — general (front / back with note lines)
2. Pages 4–5 · Thank-you B — “Your fit, fixed.” alterations (7-day fit promise)
3. Pages 6–7 · Thank-you C — “Made by hand, just for you” products (care checkboxes)
4. Pages 8–9 · Referral A — \$5 + \$5 “Give this to a friend”
5. Pages 10–11 · Referral B — \$10 off a made-to-measure piece of \$60+

How to print

- Paper: Letter, 65–110 lb / 176–300 gsm cardstock (matte). Plain paper works for a test.
- Scale: **100% / Actual size**. Never “fit to page” — the front and back would stop lining up.
- Two-sided: print one front page and its back page together, double-sided, **flip on long edge**. Hold the test sheet to a window: the dashed boxes should match.
- No duplex printer? Print the front, put the sheet back in the tray (printed side as your printer's manual says for manual duplex) and print the back page.
- Cut on the grey dashed line with a paper trimmer, or a craft knife and metal ruler.
- A4: everything fits inside A4 at 100%; margins are just a little smaller.

How to use

- A thank-you card goes in every bag or package, handwritten line on the back.
- A referral card goes with it: fill “From” and the code (her initials + month, e.g. **JM-04**) and the valid-until date (90 days).
- Write the code in your Client Follow-Up Log so you can credit her when the friend comes in.
