OTO 4 · KIDS' WARDROBE PATTERN VAULT

The School-Fair & Boutique Pitch Kit

How to approach school fairs and children's boutiques, what to say, what to charge for 5, 10 and 20 pieces, consignment terms, and the line sheet that gets you stocked.

Inside the kit

1 Where to sell kids' clothes (and when to ask)

School fairs vs boutiques, the calendar and what to bring.

2 12 pitch scripts

Fair applications, table talk, boutique walk-ins, objections and reorders.

3 Wholesale vs retail math

Retail, consignment and wholesale for the same tee — and what to charge for 5, 10 and 20 pieces.

4 Consignment terms

The 8 terms to agree on + a fill-in agreement and inventory sheet.

5 School-fair display checklist

Table, merchandising, signs, money and a stock plan by size.

6 Line sheet template

A filled-in example and a blank template to copy.

THE ONE-SENTENCE STRATEGY

Sell at **school fairs** to get cash, feedback and custom orders from parents; sell to **boutiques** once you know your 3–4 best sellers and can sew them in batches of 10–20. Fairs teach you what sells. Boutiques pay you to repeat it.

Where to sell kids' clothes — and when to ask

Two channels with different rules. Use both, in the right order.

	SCHOOL FAIRS & BAZAARS	CHILDREN'S BOUTIQUES & GIFT SHOPS
Who decides	PTA/PTO or school event volunteers	The owner or buyer
When to ask	6–10 weeks before: fall fairs → ask in August; holiday bazaars → September–October; spring fairs → February	3–6 months ahead: fall/holiday stock → May–July; spring/summer → November–January
Cost	Table fee \$25–75, sometimes a % to the school	Nothing up front; they keep 40% (consignment) or pay ~50–60% of retail (wholesale)
You earn	100% of retail minus the fee	60% of retail (consignment) or the wholesale price
Best items	Ready-to-wear in all sizes, sets, quick gifts under \$10	Your 3–4 best sellers in consistent prints; matching sets
Bring	30–40 pieces, custom order forms	Line sheet + 3 samples + price list + terms

FINDING SCHOOL FAIRS

- School and PTA newsletters and websites ("vendor application")
- Local parents' Facebook groups: search "craft fair", "holiday bazaar", "vendors wanted"
- Churches, libraries and community centers run fairs on the same calendar
- Ask other vendors at every fair: "which fair was your best this year?"

CHOOSING A BOUTIQUE

- Sells kids' clothing already, in your price range (check tags: \$30–70 per piece)
- Carries at least one other local or handmade brand
- Doesn't carry anything that looks like yours
- Is somewhere you'd shop yourself — the owner will feel it

THE SAMPLE KIT (FITS IN ONE TOTE)

3 samples on kid hangers (your best set, your best dress, one sibling pair) · 3 printed line sheets · a price list with wholesale and consignment terms · a swatch card of your 4–5 current prints · one thank-you card with your business name.

12 pitch scripts

Replace [brackets]. Short, specific and always ending with a clear next step.

School fairs

- 1 APPLYING TO A SCHOOL OR PTA FAIR (MESSAGE OR FORM)**
 Hello! I'm [name], a local seamstress and a parent at [school / nearby]. I'd love to apply for a table at the [fair name] on [date]. I sew children's clothing sizes 2–10 — twirl dresses, matching sibling sets and pajamas — all handmade from patterns drafted for kids. I can donate [10% of sales / one matching set for the raffle] to the [PTA / school]. Photos of my work are attached. What's the table fee and the deadline to confirm?
Offer something to the school; organizers remember vendors who give back.
- 2 FOLLOW-UP IF NO ANSWER IN 7 DAYS**
 Hi again! Just checking whether there's still space at the [fair name] for a handmade kids' clothing table. Happy to fill out any form and pay the fee this week. Thank you!
- 3 AT THE TABLE · OPENING LINE TO A PARENT**
 Hi! Everything here is handmade and sized 2 to 10 — what size is your little one? [she answers] Here's that size — the twirl dresses really do twirl, want her to try the spin?
Always ask the size first: it moves the conversation from browsing to choosing.
- 4 AT THE TABLE · WHEN SHE HESITATES ON PRICE**
 Totally understand. These are sewn one at a time with finished seams and a growth hem, so they last through two sizes. If you take the set, it's \$[set price] instead of \$[separate] — and siblings get 10% off.
- 5 AT THE TABLE · TAKING A CUSTOM ORDER**
 I don't have that size in this print, but I can make it for you in [7–10] days. I just need a 50% deposit today and her measurements — I can take them right here in 2 minutes.
Bring order forms and a tape measure to every fair.

Boutiques & shops

- 6 WALK-IN PITCH TO A BOUTIQUE OWNER (IN PERSON)**
 Hi, I'm [name]. I make handmade children's clothing in sizes 2–10 — matching sibling sets are my specialty. I don't want to take much of your time: here's my line sheet and three samples. I work on consignment or wholesale, and I can do small batches so you're not stuck with stock. When would be a good time to talk for 15 minutes?
Go on a weekday morning, never on a Saturday. Bring 3 samples, not 10.
- 7 FIRST MESSAGE TO A BOUTIQUE (DM / EMAIL)**
 Hello [owner's name], I love how your shop [specific detail: mixes vintage and new / focuses on natural fabrics]. I'm a local maker of handmade kids' clothing, sizes 2–10, with a focus on matching sibling sets. My line sheet is attached (wholesale from \$[X]). Could I drop off three samples next week so you can feel the quality?
- 8 FOLLOW-UP AFTER 5–7 DAYS**
 Hi [name], just following up on my line sheet. I'm planning my [fall/holiday] production now, so this is a good time to reserve pieces in the sizes and prints you want. Happy to start small — even 10 pieces on consignment.
Two follow-ups maximum, 7 days apart.
- 9 “WE ONLY DO CONSIGNMENT.”**
 That works for me. My usual terms are 60/40 on the retail price, a 90-day period, monthly payments and a signed inventory sheet at drop-off. Would you like me to bring 10–12 pieces across sizes 2–10?

10 "YOUR WHOLESALE PRICE IS TOO HIGH."

I understand — handmade can't compete with factory prices. What I can do is lower the per-piece price on a bigger batch: at 20 pieces the [tee] is \$[20-tier price] instead of \$[10-tier price], because I cut and sew them together. Or we can start on consignment and switch to wholesale once you see what sells.

Move the quantity, not the price.

11 "CAN YOU GIVE US EXCLUSIVITY?"

I can guarantee no other shop within [5 miles / your town] carries the same prints for this season, as long as the opening order is at least [20] pieces. I'd still sell online and at my own events.

12 REORDER NUDGE AFTER 30 DAYS

Hi [name]! How are the kids' sets doing? I noticed the [size 4–6 / twirl dresses] tend to go first at my events — want me to restock those before [season]?

PART 3

Wholesale vs retail math

The same kids' tee sold three ways — and the batch prices for 5, 10 and 20 pieces that keep you above cost.

Your **retail price** (what a parent pays you directly) comes from the Pricing Sheet. It is also the price you ask shops to sell at (MSRP). Never sell cheaper yourself than your shops do.

SIZE 6 BASIC TEE	RETAIL (DIRECT)	CONSIGNMENT 60/40	WHOLESALE · 10 PCS	WHOLESALE · 20 PCS
Price the parent pays	\$34	\$34 (shop sets it = MSRP)	\$34 (MSRP)	\$34 (MSRP)
What you receive per piece	\$34	\$20.40	\$22	\$19
% of retail	100%	60%	65%	56%
When you get paid	On the spot	Only when it sells (monthly)	On delivery or net 30	On delivery or net 30
Who carries the risk of unsold stock	You	You	The shop	The shop

WHY WHOLESALE ONLY WORKS IN BATCHES

Boutiques expect to buy at about **50% of retail** ("keystone"). A single handmade tee can't be sold at 50%: at size 6 it costs you \$29.30 in materials and labor. What changes the math is batching: cutting 10–20 at once, chain-piecing and buying fabric by the bolt cuts sewing time by 45–55% and fabric cost by 15–25%. That's why the prices below use a production rate of \$20/h, batch time factors and a 25% margin on top of cost.

What to charge for 5, 10 and 20 pieces (size 6 reference)

ITEM	MSRP / YOUR RETAIL	CONSIGNMENT: YOU GET (60%)	5 PCS: EACH · ORDER	10 PCS: EACH · ORDER	20 PCS: EACH · ORDER	20 PCS AS % OF RETAIL
Basic Tee	\$34	\$20.40	\$27 · \$135	\$22 · \$220	\$19 · \$380	56%
Pull-On Shorts	\$26	\$15.60	\$20 · \$100	\$17 · \$170	\$14 · \$280	54%
Pull-On Pants	\$36	\$21.60	\$29 · \$145	\$24 · \$240	\$21 · \$420	58%
Elastic Skirt	\$26	\$15.60	\$20 · \$100	\$17 · \$170	\$15 · \$300	58%
Pillowcase Dress	\$38	\$22.80	\$30 · \$150	\$25 · \$250	\$21 · \$420	55%
Twirl Dress	\$56	\$33.60	\$45 · \$225	\$37 · \$370	\$32 · \$640	57%
Pajama Set (top + pants)	\$74	\$44.40	\$60 · \$300	\$49 · \$490	\$42 · \$840	57%
Hoodie	\$64	\$38.40	\$52 · \$260	\$43 · \$430	\$37 · \$740	58%

HOW TO USE THE TIERS

- **5 pieces:** a test order. Offer it as **consignment** — at 5 pieces your wholesale price is close to retail and shops will say no.
- **10 pieces:** small-batch wholesale. Many small boutiques accept 55–70% of retail for local handmade.
- **20 pieces:** your real wholesale price, ~50–60% of retail. Require it for exclusivity.
- Mixed sizes are fine: price by the size 6 row and adjust ±\$1–2 for sizes 2–3 and 8–10.

MINIMUMS & TERMS TO PUT ON YOUR LINE SHEET

- Opening order: \$150 minimum · reorders: \$100 minimum
- Minimum 3 pieces per style, sizes can be mixed
- Payment: 50% with order, 50% on delivery (or net 30 after the 2nd order)
- Lead time: 2–4 weeks for 10–20 pieces
- Suggested retail (MSRP) printed on the line sheet

School-fair price list (direct, cash-friendly)

ITEM	PRICING SHEET RANGE (SIZES 2-10)	FAIR TAG (ROUNDED UP TO \$5)
Basic Tee	\$28-38	\$30-40
Pull-On Shorts	\$20-30	\$20-30
Pull-On Pants	\$30-40	\$30-40
Elastic Skirt	\$22-30	\$25-30
Pillowcase Dress	\$32-44	\$35-45
Twirl Dress	\$46-68	\$50-70
Pajama Set (top + pants)	\$62-86	\$65-90
Hoodie	\$54-74	\$55-75
Joggers	\$38-50	\$40-50

At fairs, one price per item for sizes 2-6 and one for 7-10 keeps signs simple. Bundle sign: "Any set + matching bow: \$5 off" · "2 kids = 10% off".

Consignment terms

The eight terms to agree on before a single piece leaves your house — then the fill-in agreement and inventory sheet.

TERM	STANDARD FOR HANDMADE KIDS' CLOTHING
Split	60% to you / 40% to the shop, on the retail price the item actually sells for. Normal range 50/50 to 70/30; handmade clothing is usually 60/40.
Retail price	Set by you, written on the inventory sheet and on each tag. The shop may not discount without your written OK.
Consignment period	90 days. After 60 days, you may agree to a 20% markdown on slow items. After 90 days, unsold items are returned to you or renewed.
Payment	Monthly, by the 15th, for the previous month's sales, with a sales report (item, size, date, price).
Inventory sheet	Signed by both at every drop-off and pickup. One line per piece: style #, size, color, retail price.
Loss and damage	The shop is responsible for items lost, stolen or damaged while in its care, and pays your 60% share of the retail price.
Display	Items displayed on the sales floor (not stored in the back), with your brand card or sign when possible.
Ending	Either side may end the agreement with 14 days' notice; unsold items and money owed are settled within those 14 days.

Consignment agreement (fill-in)

This agreement is between _____ (the **Maker**) and _____ (the **Shop**), starting on _____.

1. The Maker places the items on the attached inventory sheet in the Shop on consignment. The items remain the Maker's property until sold.
2. The Shop sells each item at the retail price on the inventory sheet. Discounts need the Maker's written approval.
3. On each sale the Maker receives _____% and the Shop _____% of the price paid.
4. The Shop pays the Maker monthly, by the _____ of each month, with a written sales report.
5. The consignment period is _____ days. Unsold items are then returned to the Maker or renewed in writing.
6. The Shop is responsible for loss, theft or damage while items are in its care and pays the Maker's share of the retail price for them.
7. Either party may end this agreement with 14 days' written notice. Unsold items and payments due are settled within those 14 days.

School-fair display checklist

Tick it the night before. A good table sells twice as much as a crowded one with the same clothes.

TABLE & STRUCTURE

- ☐ 6 ft / 1.8 m folding table + floor-length cloth (hides your stock boxes)
- ☐ Kids' clothing rack or a tension rod between two risers
- ☐ 2–3 risers or crates to create height at the back
- ☐ Kid-size hangers (30 cm / 12 in) — adult hangers make kids' clothes look sad
- ☐ A child-size dress form or a hanger on a hook for your best set

MERCHANDISING

- ☐ Group by size (2–3 · 4–5 · 6–7 · 8–10) with size dividers or clip tags
- ☐ Matching sets hung together, sibling pairs side by side
- ☐ Best-seller at eye level, facing the aisle
- ☐ Max 4–5 prints: a tight color story looks like a brand
- ☐ A mirror so kids can see themselves

SIGNS

- ☐ Business name sign (A4/Letter or bigger)
- ☐ Price sign by category + "2 kids = 10% off"
- ☐ "Custom orders taken here — ready in 7–10 days"
- ☐ Size chart (from the Vault) taped to the table
- ☐ Care info: machine wash cold, tumble dry low

MONEY & ADMIN

- ☐ Card reader charged + phone hotspot tested
- ☐ Cash float \$100 (\$1 × 20, \$5 × 10, \$10 × 3)
- ☐ Round, cash-friendly prices (\$30, \$35 — not \$33)
- ☐ Receipt book or phone receipts
- ☐ Custom order forms + tape measure + pen
- ☐ Sign-up sheet for news of your next drop (first name + how to reach them)

STOCK PLAN (FOR A 1-DAY SCHOOL FAIR)

- ☐ 30–40 pieces total
- ☐ Size mix: 2–4 → 25% · 5–6 → 30% · 7–8 → 25% · 10 → 20%
- ☐ At least 6 matching sets and 4 sibling pairs
- ☐ Bags + tissue + thank-you and referral cards
- ☐ A basket of quick items under \$10 (scrunchies, bows)

Fairs teach you. Boutiques repeat you.

Start with one fair and one boutique this season. Keep the prints tight, the sets matching and the math on your side.

Sew for the kids. Sell to the moms.
