

SEWING **AT** HOME

OTO 4 · KIDS' WARDROBE PATTERN VAULT

Sibling & Matching **Set** Pricing Sheet

Pricing formulas and ready-to-use tables for kids' sets in sizes 2–10:
fabric, cost, sewing time and the price to charge — for one child, for
siblings, and for the whole family.

Pricing formulas

9 pieces × 8 sizes

5 matching sets

Sibling discounts

Blank worksheet

How to price a kids' set

Moms buy kids' clothes in sets and in pairs. The mistake is pricing each piece like a one-off and then giving away 20% "because it's for siblings". These formulas protect your hourly rate and still give families a reason to buy the whole set.

FORMULA 1 · PIECE PRICE

Materials (yards × price per yard + notions) + **Labor** (minutes ÷ 60 × \$25/h) = **Cost**. **Piece price** = Cost × 1.10 (fees, tags, packaging), rounded up to the next \$2.

FORMULA 2 · SET PRICE (ONE CHILD)

Sum of the piece prices – **5%** for buying the matching set, rounded up to the next \$2. Never below Cost × 1.05.

FORMULA 3 · SIBLING PRICE

Add each child's set at **their own size**, then: 2 children –**10%** · 3 children –**15%** · 4+ children –**15%** and one free matching scrunchie or bow. Never below total Cost × 1.05. The discount is paid for by batch sewing: cutting and sewing 2–4 of the same pattern together saves 20–30% of the time.

ASSUMPTION	VALUE USED IN EVERY TABLE	CHANGE IT IF...
Hourly rate (direct sales)	\$25/h	You are experienced or in a big city: \$30–35/h.
Quilting cotton / flannel	\$10/yd (\$10.94/m)	You use designer prints (\$13–16/yd).
Chambray / twill / quilting cotton for bottoms	\$12/yd	
Cotton jersey	\$14/yd	Organic jersey: \$18–22/yd.
French terry + ribbing	\$16/yd	
Seam allowance	1.5 cm / 5/8 in wovens · 1 cm / 3/8 in knits	As on every Vault pattern.
Sewing time	Hands-on minutes for 1 piece, cutting to pressing	Your first one takes ~30% longer; time your third.

Yardage is for the fabric width shown, one direction prints may need 10–15% more. 1 yd = 0.914 m. Prices are for handmade children's clothing sold directly (fairs, Marketplace, Etsy, word of mouth) in the US in 2026.

TABLE 1

Piece prices • sizes 2–10

Every piece used in the sets, in every size: the price to charge for one piece sold on its own.

WORKED EXAMPLE · SIBLINGS IN DIFFERENT SIZES

Brother size 7 and sister size 4 both want Set A. Size 7 set \$58 + size 4 set \$50 = \$108. Two children -10% = \$97.20 → **\$98**. Your cost for both: \$99.72, so the discount still leaves \$-1.72 above cost — and the second set is sewn 20–30% faster because you cut both at once.

ADD-ONS THAT RAISE THE TICKET (NOT DISCOUNTED)

ADD-ON	PRICE	TIME
Embroidered or appliqué name (up to 8 letters)	\$8–12	15–20 min
Matching scrunchie or hair bow	\$6	10 min
Matching doll dress (18 in / 46 cm doll)	\$16–20	30 min
Gift wrap + handwritten card	\$4	5 min
Rush (ready in 72 h)	+50%	—
Growth hem (extra 5 cm / 2 in folded in the hem)	\$0 — include it, it sells the set	5 min
