BEFORE YOU START

The Math That Changes Everything

Right now, every cap you sell is a one-night stand. One system turns that stranger into \$140 a year on autopilot.

The average crochet cap sells for around \$18. Materials and time cost about \$5, leaving roughly \$13 profit per cap. To clear \$500 a month that means closing 38 brand-new buyers every single month, forever, if nobody ever comes back.

The five modules in this book aren't about finding more strangers, they're about making sure the buyers you already have don't disappear after one purchase.

HOW TO USE THIS BOOK:

Set up Module 1 first, it runs on autopilot. Then layer in the seasonal calendar, the add-on kit and the loyalty card as you have time.

The 9-Touch Follow-Up Sequence

Copy-paste text or DM messages, day 1 to day 90 - part 1 of 2

1
DAY

♥ **THANK YOU**

Thank you again for grabbing the cap, hope it is keeping you cozy!

3
DAY

💡 **CARE TIP**

Hand wash in cool water and lay flat to dry, skip the dryer.

RELATIONSHIP CHECK-IN:

It has been a few months, anything new you are looking for? Happy to make something custom too.

DON'T SELL IN EVERY MESSAGE:

Only 3 of the 9 touches ask for a purchase. The rest build trust, that ratio is what makes the sales touches land instead of feeling like spam.

The Seasonal Restock Reminder Calendar

Send exactly when a buyer is most likely to want another cap.

SEND BY	OCCASION	MESSAGE ANGLE
Jan 15	New Year fresh-start	New colorways, cozy-season restock
Feb 1	Valentine's Day	Gift-ready sets for a partner or best friend
Apr 15	Mother's Day	Gift for mom or grandma, offer to gift-wrap
Aug 1	Back to school	Kids' caps, matching sibling sets
Sep 15	Early fall	First cool days, replace last year's worn cap
Oct 1	Halloween	Themed colors, novelty styles
Nov 1	Thanksgiving	Gift sets before the holiday rush
Nov 25	Christmas	Last-call gift orders, custom colors
About 1 year after purchase	Cap replacement window	Softest, highest-converting angle

PRIORITY DATE: If you only track one, track the one-year-after-purchase date, a cap that is a year old has genuinely started to wear.

MODULE 3 OF 5

The \$12 Add-On Kit

A matching keychain pattern that turns leftover yarn into pure profit - part 1 of 2

MATERIALS

Leftover yarn scraps

3.5mm (E) crochet hook

Keychain ring or clasp

Small pinch of stuffing (optional)

Yarn needle for finishing

PATTERN - MINI YARN-BALL KEYCHAIN

1. Magic ring, 6 single crochet, pull tight (6 stitches)
2. Work 2 single crochet in every stitch (12 stitches)
3. Single crochet around, no increases (12 stitches)
4. Alternate decrease and single crochet around (8 stitches), add stuffing
5. Single-crochet-two-together all the way around (4 stitches), close and attach ring

Total time: about 20 minutes - material cost under \$1.50

Pricing the Add-On Kit

Part 2 of 2 - turn a \$1.50 keychain into real add-on revenue.

SOLD AS	SUGGESTED PRICE	WHY IT WORKS
Standalone item	\$8-10	Low-price impulse buy at a market table or in a DM
Add-on with a cap order	+\$12 bundled	Feels like a small upgrade, not a separate decision
Free gift over a spending threshold	\$0 included	Raises average order value

LISTING PHOTO TIP:
 Photograph 3-4 keychains together in different colors against the same plain background you use for your caps, it reads as a matching collection.

Printable Loyalty Card

Buy 5 caps, the 6th is half off - print it, hand it out, or recreate it digitally.

A loyalty card gives buyers a concrete reason to come back to you instead of any other handmade seller, and it costs you nothing but a discount you were likely to offer anyway.

Winback Messages

Templates for buyers who have gone quiet - day 30, 60 and 90 of silence.

DAY 30 OF SILENCE:

It has been a bit since I heard from you, hope the cap is still keeping you warm. Just added a few new colors, no pressure at all!

DAY 60 OF SILENCE:

Thinking of past customers like you as the weather is turning, if you are due for a refresh I would love to make you something.

DAY 90 OF SILENCE:

I put together a small welcome-back offer for a few favorite past customers, a discount off your next order, good through a set date.

WHY DAY 90 GETS A REAL DISCOUNT:

A buyer who has not responded needs a stronger reason to come back, the discount turns maybe-someday into actually-yes.
