

The Crochet Cap Blueprint (TM)

MAIN PATTERN COLLECTION

THE CROCHET CAP BLUEPRINT

Twenty-three complete, from-scratch crochet patterns - Signature Caps, an Everyday Styles Collection, and a Holiday Collection - plus eight bonus mini-patterns, written step-by-step for confident beginners and beyond.

- ✓ Read this first guide to hooks, yarn, gauge, and every abbreviation used
- ✓ Three Signature Caps - the base constructions every other pattern in this book builds on
- ✓ Twelve-pattern Everyday Styles Collection - cables, granny squares, stripes, ombre, appliques and more
- ✓ Eight-pattern Holiday Collection - Fair Isle snowflakes, a Nordic star, Santa, reindeer, candy-cane stripes and more
- ✓ Eight bonus mini-patterns: keychains, booties, jewelry, hair clips and four new holiday ornaments

Pattern collection - Main product

2026 edition

Contents

GETTING STARTED & OVERVIEW

Collection Overview	4
Getting Started - Hooks, yarn, gauge & abbreviations	5

SECTION 1 - SIGNATURE CAPS

Classic Crochet Visor Cap	8
Sunflower Motif Crown Cap	12
Floral Lace Openwork Visor	14

SECTION 2 - EVERYDAY STYLES COLLECTION (PART 1 OF 2)

Cable-Knit Textured Crown Cap	16
Granny Square Patchwork Cap	18
Ombre Gradient Cap	21
Ribbed Slouchy Beanie	23
Chunky Basket-Weave Visor Cap	26
Boho Fringe Cap	28

Contents, continued

SECTION 2 - EVERYDAY STYLES COLLECTION (PART 2 OF 2)

Polka Dot Applique Cap	30
Two-Tone Color-Block Visor Cap	32
Striped Nautical Cap	34
Tweed Fleck Textured Cap	36
Bucket Hat Style Visor	38
Pastel Rainbow Stripe Cap	41

SECTION 3 - HOLIDAY COLLECTION

Santa Pom-Pom Cap	43
Snowflake Fair Isle Crown Cap	45
Holly & Berry Motif Cap	48
Candy Cane Stripe Visor	50
Reindeer Applique Cap	52
Nordic Star Fair Isle Cap	54
Christmas Tree Motif Cap	57
Gingerbread Button Cap	59

BONUS & FINISHING

Bonus Mini-Patterns - 8 quick projects	61
Finishing - Blocking, stiffening & fixing common mistakes	65

Every pattern in this book shares the same crown, band and brim construction taught in the Classic Crochet Visor Cap, so once you make that pattern in Section 1 every other cap in this book goes noticeably faster. Read Getting Started in full before you pick up your hook.

How This Book Is Organized

Twenty-three patterns in three sections, plus eight bonus mini-patterns.

Start with Getting Started, then make the Classic Crochet Visor Cap in Section 1 before jumping into the Everyday Styles or Holiday Collection - every pattern in this book reuses that same crown, band and brim construction, so making it first is what makes every later pattern faster.

SIGNATURE CAPS (3)

- Classic Crochet Visor Cap
- Sunflower Motif Crown Cap
- Floral Lace Openwork Visor

EVERYDAY STYLES COLLECTION (12)

- Cable-Knit Textured Crown Cap
- Granny Square Patchwork Cap
- Ombre Gradient Cap
- Ribbed Slouchy Beanie
- Chunky Basket-Weave Visor Cap
- Boho Fringe Cap
- Polka Dot Applique Cap
- Two-Tone Color-Block Visor Cap
- Striped Nautical Cap
- Tweed Fleck Textured Cap
- Bucket Hat Style Visor
- Pastel Rainbow Stripe Cap

HOLIDAY COLLECTION (8)

- Santa Pom-Pom Cap
- Snowflake Fair Isle Crown Cap
- Holly & Berry Motif Cap
- Candy Cane Stripe Visor
- Reindeer Applique Cap
- Nordic Star Fair Isle Cap
- Christmas Tree Motif Cap
- Gingerbread Button Cap

Hooks, Yarn, Gauge & Abbreviations

Everything you need to know before you make your first stitch - part 1 of 3.

Every pattern in this collection is written in US crochet terms and builds from the same flat-circle crown. Get comfortable with the abbreviations and the gauge swatch below and you will be able to follow - and resize - every pattern in this book.

WHAT YOU'LL NEED

Yarn: DK or worsted weight (US #3-#4) cotton or cotton-blend for warm-weather caps; acrylic or wool-blend worsted for cooler climates. Cotton holds its shape best for visors.

Hook: 4.0-4.5mm (US G/6-7) for worsted weight. Go down half a size if your stitches look loose.

Notions: Stitch markers, yarn needle, sharp scissors, tape measure.

Optional: Plastic canvas or heavy fusible interfacing (for a crisp, structured visor), fabric glue, small beads or tassels for the drop-tie details shown in Patterns 1-2.

Abbreviations Used in This Book

Part 2 of 3 - keep this page open while you work every pattern.

ABBREV.	MEANING
ch	chain
sl st	slip stitch
sc	single crochet
hdc	half double crochet
dc	double crochet
tr	treble crochet
MR	magic ring (adjustable ring)
inc	increase, 2 stitches worked into the same stitch
dec	invisible decrease, 2 stitches worked together as one
st(s)	stitch(es)
rnd	round
sp	space
BLO / FLO	back loop only / front loop only
[]	repeat the instructions inside the brackets the stated number of times
()	total stitch count at the end of the round

Gauge & Reading a Pattern

Part 3 of 3 - the two checks that make every pattern in this book fit.

GAUGE SWATCH - DON'T SKIP THIS

Every crown in this book is built the same way: start with a magic ring and increase by 6 stitches every round until the flat circle matches the size you need, then work even (no more increases) for the sides. Before you start a full cap, crochet a small flat circle through round 6 with your yarn and hook, lay it flat and measure the diameter. If it is smaller than 4in / 10cm, go up a hook size; if it is bigger, go down. This one check is what keeps every pattern below fitting properly regardless of the exact yarn you use.

READING THE ROUND-BY-ROUND INSTRUCTIONS

Each pattern below is written round by round. The number in parentheses at the end of a round is the total stitch count you should have when that round is complete - use it to check your work before moving on. If your count is off, undo back to the last round where it matched and re-count before continuing; crochet unravels cleanly, so this always costs less time than pushing forward with a mistake buried in the work.

Classic Crochet Visor Cap

The base construction every other pattern in this book builds on - crown, part 1 of 2.

Finished size:	Adult, one size (fits ~21-23in / 53-58cm head)
Yarn:	~150g worsted weight cotton
Hook:	4.0mm (US G/6)
Gauge:	Rnd 1-6 circle = 4in / 10cm diameter

CROWN (WORKED IN THE ROUND)

- Rnd 1:** MR, ch 1, 6 sc into ring. Pull tail to close. (6)
- Rnd 2:** inc in each st around. (12)
- Rnd 3:** [sc, inc] rep around. (18)
- Rnd 4:** [sc 2, inc] rep around. (24)
- Rnd 5:** [sc 3, inc] rep around. (30)
- Rnd 6:** [sc 4, inc] rep around. (36)

Make a magic ring (MR), ch 1, 6 sc into ring. Pull tail to close. (6)

Inc in each st around. (12)

[sc, inc] rep around. (18)

[sc 2, inc] rep around. (24)

[sc 3, inc] rep around. (30)

[sc 4, inc] rep around. (36)

Classic Crochet Visor Cap

Crown, part 2 of 2 - continued from the previous page.

CROWN (WORKED IN THE ROUND), CONTINUED

Rnd 7: [sc 5, inc] rep around. (42)

Rnd 8: [sc 6, inc] rep around. (48)

Rnd 9: [sc 7, inc] rep around. (54)

Rnd 10: [sc 8, inc] rep around. (60)

Rnd 11-12 (check-and-adjust): Lay the crown flat. It should measure roughly 6.5-7in / 16.5-18cm across. If it is smaller, repeat the increase pattern one more round (adding 6 sts, one more plain stitch between increases) before moving on; if it already matches, work these two rounds even (sc in every st, no increases) instead. (60)

Classic Crochet Visor Cap

Sides / band and front opening.

SIDES / BAND (WORKED EVEN, NO MORE INCREASES)

- Rnd 13-17:** sc in every st around, 5 rounds total. This forms the fitted band that sits on the head. (60)

FITTING NOTE

This is the point to try the cap on (or measure against the wearer's head). If it feels loose, switch to a hook 0.5mm smaller for the remaining band rounds; if it is tight, size up 0.5mm. Cotton has very little stretch, so it is worth adjusting here rather than after the brim is attached.

FRONT OPENING (FOR THE DROP-TASSEL DETAIL)

On the final band round, mark the center-back stitch with a stitch marker - this is your reference point for placing the brim in the next step, and it is also where the decorative tie or tassel drop shown in the reference photos is attached once the cap is finished.

Classic Crochet Visor Cap

Brim / visor, worked flat in rows across the front third of the band.

BRIM / VISOR

- 1. Row 1:** With the band right side up, count 20 sts centered on the front (opposite the center-back marker). Join yarn in the first of these 20 sts. Ch 2 (counts as first hdc), hdc in same st and each st across. (20)
- 2. Row 2:** Ch 2, turn. dec, hdc across to last 2 sts, dec. (18)
- 3. Row 3:** Ch 2, turn. hdc across, working a dec at each end as in Row 2. (16)
- 4. Row 4:** Repeat Row 3. (14)
- 5. Row 5:** Repeat Row 3, then fasten off, leaving a long tail. (12)

The shaping above curves the brim outward from the head. For a stiffer, flatter visor like the one in the reference photos, cut a matching curved piece of plastic canvas or two layers of fusible interfacing, sandwich it between the brim and a second layer of single crochet worked back over Row 1 (a lining row), and slip-stitch the edges closed - this is the standard way pattern designers give a soft-yarn brim the structure to hold its curve.

- 1** Join yarn in first of 20 front sts. Ch 2 (counts as first hdc), hdc across.

- 2** **Row 2:** Ch 2, turn. dec, hdc across to last 2 sts, dec. (18)

- 3** **Rows 3-4:** Repeat Row 3. (16 then 14)

- 4** **Row 5:** Repeat Row 3, then fasten off, leaving a long tail. (12)

YOU NOW HAVE THE BASE CAP

This crown, band and structured brim is the shape used for every design in this book. Weave in your ends, block lightly (see Finishing), and your Classic Visor Cap is complete - plain, or ready for the motifs in the next two Signature Caps.

Sunflower Motif Crown Cap

The same crown, worked as an open lattice, dressed with layered flower motifs and a drop-tassel tie.

Base: Uses the Band + Brim from the Classic Visor Cap

Extra materials: Contrast yarn for flowers, 8-10 small beads (optional, for the tassel ends)

LATTICE CROWN

1. **Rnd 1:** MR, ch 1, 6 sc into ring. (6)
2. **Rnd 2:** [ch 3, sl st in next st] rep around -- 6 chain loops. (6 loops)
3. **Rnd 3:** In each ch-3 loop work [sl st, ch 5, sl st] -- this doubles your loops and starts the lattice diamond pattern. (12 loops)
4. **Rnd 4-8:** Continue working ch-5 loops between the midpoints of the previous round's loops, adding one extra loop every other round, until the lattice circle reaches the same 6.5-7in / 16.5-18cm diameter as the Classic Visor Cap's crown (check by laying flat, same as the gauge note in Getting Started).
5. **Rnd 9:** Work 1 sc into every ch-5 loop and chain space around to convert the lattice back into a stitch count you can join to a Classic Visor Cap band (aim for 60 sts to match; sc twice into a loop here and there if you are a few short).

From here, continue with the Band and Brim from the Classic Visor Cap pattern exactly as written.

1 **Rnd 1:** 6 sc into MR

2 **Rnd 2:** ch 3, sl st in next st (6 loops)

3 **Rnd 3:** [sl st, ch 5, sl st] (12 loops)

4 **Rnd 4-8:** ch-5 loops between midpoints

5 **Rnd 9:** 1 sc into every ch-5 loop and chain space

✓ **Finished crown** (before adding band and brim)

✓ **Flower motifs and drop-tassel tie detail**

✓ **Finished sunflower motif crown cap**

Sunflower Motif Crown Cap

Flower motifs, make 6 to 9.

FLOWER MOTIFS (MAKE 6-9)

- 1. Rnd 1:** MR, ch 1, 6 sc into ring, join with sl st. (6)
- 2. Rnd 2:** [ch 3, dc, ch 3, sl st in next st] rep around -- this makes one petal per repeat. (6 petals)
- 3.** Fasten off, leaving a 6in / 15cm tail for sewing.

Sew one flower at each lattice intersection using the tail from Rnd 2, following the placement in the reference photo (denser near the crown center, spreading out toward the band). For the drop-tie detail at center back, chain a 10-14in / 25-35cm cord, thread on 2-3 beads near the end, and knot to secure; attach the cord to the center-back marker point from the Classic Visor Cap.

SUNFLOWER MOTIF CAP COMPLETE

Weave in all ends before wearing - with this many motifs, that is the step that is easiest to rush. Block lightly to help the lattice sit flat.

Floral Lace Openwork Visor

A lightweight fan-stitch crown for warm weather, finished with a scalloped picot edge - crown, part 1 of 2.

Base: Uses the Band + Brim from the Classic Visor Cap

Best in: Light DK-weight cotton for maximum drape

FAN-STITCH CROWN

- 1. Rnd 1:** MR, ch 3 (counts as dc), 11 dc into ring, join with sl st to top of ch-3. (12)
- 2. Rnd 2:** Ch 3, dc in same st, [2 dc in next st] rep around, join. (24)
- 3. Rnd 3:** [Sk 1 st, 5 dc in next st (a shell), sk 1 st, sl st in next st] rep around. (6 shells)
- 4. Rnd 4:** In each shell, work [sl st, ch 2, 5 dc, ch 2, sl st] between the shells to grow the fan pattern outward, keeping the shells centered over the shells below.

Make a magic ring (MR), ch 3 (counts as dc), and work 11 dc into the ring.

Ch 3, dc in same st, [2 dc in next st] rep around, join. (24)

[Sk 1 st, 5 dc in next st (a shell), sk 1 st, sl st in next st] rep around. (6 shells)

In each shell, work [sl st, ch 2, 5 dc, ch 2, sl st] between the shells to grow the fan pattern outward, keeping the shells centered over the shells below.

Floral Lace Openwork Visor

Fan-stitch crown, part 2 of 2, and the picot edge.

FAN-STITCH CROWN, CONTINUED

1. **Rnd 5-7:** Continue the shell pattern, adding one extra shell every other round, until the flat circle again reaches the 6.5-7in / 16.5-18cm target from Getting Started.
2. **Rnd 8:** Work 1 sc into the top of every dc and chain space around to give yourself a clean stitch count (aim for 60, matching the Classic Visor Cap).
3. **Edge:** Before joining to the band, work one round of picot edging along what will become the front edge of the crown: [sc in next st, ch 3, sl st in first ch (picot), sc in next st] rep across the front third -- this is the scalloped trim visible in the reference photo.

Continue with the Band and Brim from the Classic Visor Cap pattern.

FLORAL LACE VISOR COMPLETE

Because this stitch is open, block it more firmly than the other Signature Caps - pin it out to the target diameter while damp and let it dry fully before wearing, so the shells sit evenly.

Cable-Knit Textured Crown Cap

A raised front-post rib grown right into the crown - crown, part 1 of 2.

Base: Own textured crown, then the Band and Brim from the Classic Visor Cap

Best in: Smooth worsted-weight wool or wool-blend - cotton shows post stitches less crisply

CROWN (TEXTURED)

1. **Rnd 1:** MR, ch 1, 6 sc into ring. (6)
2. **Rnd 2:** inc in each st around. (12)
3. **Rnd 3:** [sc, inc] rep around. (18)
4. **Rnd 4:** [FPsc 1, inc] rep around -- work the plain stitch as a front-post single crochet around the post of the stitch below instead of a regular sc; this starts the raised rib lines. (24)
5. **Rnd 5:** [FPsc 2, inc] rep around. (30)
6. **Rnd 6:** [FPsc 3, inc] rep around. (36)

The stitch count matches the Classic Visor Cap crown exactly, round for round -- only the plain stitches change from sc to FPsc, so your gauge swatch from Getting Started still applies.

Cable-Knit Textured Crown Cap

Crown, part 2 of 2, and the cross-stitch cable band.

CROWN (TEXTURED), CONTINUED

1. **Rnd 7:** [FPsc 4, inc] rep around. (42)
2. **Rnd 8:** [FPsc 5, inc] rep around. (48)
3. **Rnd 9:** [FPsc 6, inc] rep around. (54)
4. **Rnd 10:** [FPsc 7, inc] rep around. (60)
5. **Rnd 11-12 (check-and-adjust):** Lay the crown flat and check against the 6.5-7in / 16.5-18cm target from Getting Started, exactly as in the Classic Visor Cap crown. (60)

CABLE BAND (WORKED EVEN, NO MORE INCREASES)

1. **Rnd 13-17:** [Skip the first FPsc, FPsc around the second post, then FPsc around the first post crossing in front of it (the cable cross), sc in next 8 sts] rep around, 5 rounds total. (60)

Continue with the. Brim from the Classic Visor Cap pattern exactly as written; the cable band replaces that pattern's plain single-crochet band, so the finished cap keeps the structured visor shape.

CABLE-KNIT CROWN CAP COMPLETE

Block gently over a rounded bowl so the cable ridges keep their raised texture instead of flattening.

Granny Square Patchwork Cap

Six small granny squares joined into a patchwork crown - motif, part 1 of 3.

Base: Own joined-motif crown, then the Band and Brim from the Classic Visor Cap

Extra materials: 2-3 contrast colors for the classic granny stripe look, make 6 motifs

GRANNY SQUARE MOTIF (MAKE 6)

- 1 Rnd 1:** MR, ch 3 (counts as dc), 2 dc into ring, ch 2, [3 dc, ch 2] rep 3 times into ring, join with sl st to top of ch-3. (4 corner groups of 3 dc, 4 ch-2 corner spaces)
- 2 Rnd 2:** Join a new color in any ch-2 corner space. Ch 3, 2 dc, ch 2, 3 dc all in the same space (corner), then [ch 1, 3 dc in next corner space, ch 2, 3 dc in same corner space] rep around 3 more times, join. (4 corners, 4 sides of one 3-dc group each)
- 3** Fasten off, leaving an 8in / 20cm tail for joining.

- 1** Make a magic ring and work Rnd 1.

- 2** Join a new color and work Rnd 2.

- 3** Fasten off, leaving an 8in / 20cm tail.

- 4** Make 6 motifs in total.

Granny Square Patchwork Cap

Joining the six motifs into a crown, part 2 of 3.

JOINING THE MOTIFS INTO A CROWN

Arrange the 6 motifs in a ring, right side up, each one touching its neighbors along one side. Using the tail from Rnd 2, whip-stitch or slip-stitch seam one side of each motif to one side of the next, working all the way around until the ring closes -- this forms a hexagonal flat crown with a small open point at the very center, like six pie slices meeting in the middle.

FINISHING ROUND (CONVERTS THE HEXAGON TO AROUND COUNT)

- 1 Rnd 1:** Join yarn anywhere along the outer edge of the joined hexagon. Work 1 sc evenly into each dc and chain space all the way around, adjusting by skipping or adding a stitch at a seam or two so the total comes out to exactly 60 sts -- the same 60-st count every band and brim in this book joins to. (60)

Because motif edges are not perfectly uniform, pattern designers always fit a joined motif to a round number this way rather than pre-counting -- if you land a stitch or two off 60, ease it in or out over the first band round instead of unraveling the join.

6 MOTIFS JOINED INTO A
HEXAGONAL CROWN

Granny Square Patchwork Cap

Band, brim and finishing, part 3 of 3.

Continue directly with the Band (5 rounds single crochet, worked even around all 60 sts) and the Brim (5 rows, shaping exactly as written) from the Classic Visor Cap pattern.

Band — 5 rounds single crochet
(worked even around all 60 sts).

Brim — 5 rows,
shaping exactly as written.

GRANNY SQUARE PATCHWORK CAP COMPLETE

Weave in the 6 motif tails and every color-change end before blocking -- a patchwork crown like this one hides more loose ends than any other pattern in this book.

Ombre Gradient Cap

The Classic crown worked in five shades, lightest at the center to darkest at the band.

Base: Classic Visor Cap crown, band and brim – color changes only

Extra materials: 5 shades of the same color family, lightest to darkest (or a self-striping ombre yarn cake)

OMBRE CROWN

- 1. Work Rnd 1-10** as the Classic Visor Cap crown (6, 12, 18, 24, 30, 36, 42, 48, 54, 60), changing color at the start of every round from your lightest shade to your darkest: Rnd 1-2 shade 1 (lightest), Rnd 3-4 shade 2, Rnd 5-6 shade 3, Rnd 7-8 shade 4, Rnd 9-10 shade 5 (darkest).
- 2. Rnd 11-12** (check-and-adjust): work even in shade 5, exactly as the Classic Visor Cap crown. (60)

Carry each finished shade loosely up the inside of the work instead of cutting it – you will use the darkest shade again for the band.

Ombre Gradient Cap

Band, brim and finishing.

Continue with the Band (5 rounds single crochet in shade 5, the darkest color, worked even) and the Brim (5 rows, shaping exactly as written) from the Classic Visor Cap pattern.

1. Continue the Band (5 rounds single crochet in shade 5, the darkest color, worked even).

2. Work the Brim (5 rows, shaping exactly as written).

OMBRE GRADIENT CAP COMPLETE

Weave in every color-change tail on the inside of the crown before blocking; five colors means five sets of ends to secure.

Ribbed Slouchy Beanie

The Classic crown with no brim, extended into a long ribbed slouch - crown & set-up, part 1 of 3.

Base: Classic Visor Cap crown only (no brim on this style)

Best in: Soft acrylic or wool-blend worsted for maximum drape and stretch

CROWN

1. Work Rnd 1-12 exactly as the Classic Visor Cap crown, including the check-and-adjust rounds. (60)

! NO BRIM ON THIS STYLE

Do not work the Band or Brim from the Classic Visor Cap pattern here -- this beanie goes straight from the crown into a long ribbed side section instead, for a soft slouchy drape with no visor.

*Cozy days
happier makes* ♥

*Small stitches
big comfort* ♥

*Good Yarn
Brighter Days* ♥

Ribbed Slouchy Beanie

Alternating ribbed sides, part 2 of 3.

RIBBED SIDES (WORKED EVEN, NO MORE INCREASES)

1. **Rnd 13-14:** sc in the back loop only (BLO) of each st around, 2 rounds. (60)
2. **Rnd 15-16:** sc in the front loop only (FLO) of each st around, 2 rounds. (60)
3. **Rnd 17-18:** sc BLO of each st around, 2 rounds. (60)
4. **Rnd 19-20:** sc FLO of each st around, 2 rounds. (60)

Alternating BLO and FLO every 2 rounds leaves a visible ridge at every switch, which is what creates the ribbed look -- every round stays at 60 sts, since this section is worked even with no shaping at all.

Ribbed Slouchy Beanie

Final ribbing rounds and finishing, part 3 of 3.

RIBBED SIDES, CONTINUED

1. **Rnd 21-22:** sc BLO of each st around, 2 rounds. (60)

Insert hook into the back loop only (BLO) of the next stitch.

Yarn over and pull up a loop through the back loop only.

Complete the single crochet stitch in the BLO.

Continue around for 2 rounds, keeping the ribbed texture.

Fasten off, leaving a long tail. Work 1 round of slip stitch around the open bottom edge for a clean, non-curling finish.

RIBBED SLOUCHY BEANIE COMPLETE

This style relies on the BLO/FLO rib for its stretch and drape, so block it lightly -- do not pin it flat the way you would the visor caps, or you will iron out the slouch.

Chunky Basket-Weave Visor Cap

The Classic crown in a chunkier yarn, with a basket-weave post-stitch band - part 1 of 2.

Base: Classic Visor Cap crown and brim - only the band changes

Best in: Chunky weight (US #5) yarn and a 5.5-6mm hook for a bold woven texture

CROWN

- 1. Work Rnd 1-12** as the Classic Visor Cap crown, exactly as written but in chunky weight yarn and a larger hook. (60)

BASKET-WEAVE BAND (WORKED EVEN, NO MORE INCREASES)

- 2. Rnd 13-14:** [FPdc around next 5 sts, BPdc around next 5 sts] rep around, 2 rounds. (60)
- 3. Rnd 15-16:** [BPdc around next 5 sts, FPdc around next 5 sts] rep around, 2 rounds -- swapping the front-post and back-post blocks creates the woven checkerboard look. (60)

FPdc (front post double crochet)

BPdc (back post double crochet)

Each block of 5 stitches plus its neighbor of 5 makes a 10-stitch repeat, and 60 divides evenly into 6 repeats, so the blocks always line up without partial stitches at the join.

Chunky Basket-Weave Visor Cap

Finishing the band and brim, part 2 of 2.

BASKET-WEAVE BAND, CONTINUED

- Rnd 17:** sc evenly around to smooth the edge before the brim. (60)

- 1 Insert hook, yarn over and pull up a loop.

- 2 Work the single crochet as usual.

- 3 Continue evenly around the band to complete Rnd 17.

- 4 The band should now have a neat, even edge.

- 5 Continue with the Brim from the Classic Visor Cap pattern exactly as written.

- 6 Then weave in ends and block lightly.

Continue with the Brim from the Classic Visor Cap pattern exactly as written, then weave in ends and block lightly -- do not press the basket-weave band flat, or the woven texture will disappear.

CHUNKY BASKET-WEAVE CAP COMPLETE

The bold post-stitch texture is the whole point of this style, so it let it stay raised when you block rather than pinning it flat.

Boho Fringe Cap

The Classic crown and band, finished with a hand-knotted fringe edge instead of a visor - part 1 of 2.

Base: Classic Visor Cap crown and band - no structured brim on this style

Extra materials: extra yarn cut into 8in / 20cm lengths for the fringe, about 90-120 strands

CROWN & BAND

1. Work Rnd 1-17 exactly as the Classic Visor Cap crown and band (crown Rnd 1-12, then band Rnd 13-17). (60)

FRINGE EDGE (REPLACES THE BRIM)

Cut yarn into 8in / 20cm lengths, 2-3 strands per knot. Fold a bundle in half, pull the folded loop through a stitch along the bottom band edge with a hook, then pull the loose ends through the loop and tighten (a standard lark's-head knot). Repeat in every stitch, or every other stitch for a lighter fringe, all the way around the bottom edge. (60 knot points if worked in every stitch)

Boho Fringe Cap

Trimming the fringe and finishing, part 2 of 2.

TRIMMING THE FRINGE

- 1 Make sure every fringe strand is knotted securely. Check for any loose ends and tighten the knots if needed.

- 2 Lay the finished cap flat and trim the fringe to an even length only after every strand is knotted on -- trimming as you go almost always ends uneven.

TRIMMING THE FRINGE

Lay the finished cap flat and trim the fringe to an even length only after every strand is knotted on -- trimming as you go almost always ends uneven.

- 3 Step back and check the fringe length all the way around. Make small adjustments as needed for a clean, even look.

- 4 Give the fringe a gentle tug and smooth it out. Your boho fringe cap is now ready to wear or pack away!

BOHO FRINGE CAP COMPLETE

This style skips the plastic-canvas brim insert entirely, so it packs flat and travels well.

Polka Dot Applique Cap

The Classic cap in a solid color, scattered with small contrast-yarn dots - part 1 of 2.

Base: Classic Visor Cap crown, band and brim in a solid color

Extra materials: contrast yarn for 10-14 small dot appliques

CAP

1. Work Rnd 1-17 (crown and band) and the Brim exactly as the Classic Visor Cap pattern, in your main solid color. (60)

DOT APPLIQUES (MAKE 10-14)

1. **Rnd 1:** MR, ch 1, 6 sc into ring. (6)
2. **Rnd 2:** inc in each st around, join with sl st. (12)
3. Fasten off, leaving a 6in / 15cm tail for sewing.

This is the same 2-round flat-circle start used at the beginning of every crown in this book, just fastened off early at 12 stitches to stay small.

1. MR, ch 1, 6 sc into ring. (6)

2. inc in each st around, join with sl st. (12)

3. Fasten off, leaving a 6in / 15cm tail for sewing.

Polka Dot Applique Cap

Placement and finishing, part 2 of 2.

Sew the dots scattered at random across the crown and upper band using the tail from Rnd 2, mixing 2-3 contrast colors for a confetti effect, as shown in the reference photo.

POLKA DOT APPLIQUE CAP COMPLETE

Weave in every dot's tail on the inside before blocking -- with 10-14 dots, this is the step that is easiest to rush.

Two-Tone Color-Block Visor Cap

The Classic crown split cleanly into two colors - crown, part 1 of 2.

Base: Classic Visor Cap crown, band and brim - color changes only

Extra materials: 2 contrasting solid colors, roughly equal amounts

COLOR-BLOCKED CROWN

1. **Work Rnd 1-6** of the Classic Visor Cap crown in Color A. (36)
2. **Work Rnd 7-12** in Color B, changing color on the first stitch of Rnd 7 and continuing through the check-and-adjust rounds. (60)

Two-Tone Color-Block Visor Cap

Color-blocked band and brim, part 2 of 2.

COLOR-BLOCKED BAND & BRIM

- 1 Work the Band** (Rnd 13-17) in Color B to match the crown's outer half.
- 2 For the Brim**, work Row 1 in Color B, then change to Color A for Rows 2-5, so the visor reads as a clean color block against the band.

WORKING THE BAND
(Rnd 13-17) in Color B

CHANGING COLORS FOR THE BRIM
Row 1 in Color B, then Rows 2-5 in Color A

FINISHED VISOR CAP
Clean, crisp color block

TWO-TONE COLOR-BLOCK CAP COMPLETE

Weave in the single color-change tail at the crown's halfway point and the two brim color-change tails before blocking.

Striped Nautical Cap

The Classic crown and band in even navy-and-cream stripes - part 1 of 2.

Base: Classic Visor Cap crown, band and brim - color changes only

Extra materials: navy and cream (or red and cream), in equal amounts

STRIPED CROWN & BAND

- 1** **Work Rnd 1 - 10** of the Classic Visor Cap crown alternating 2 rounds navy, 2 rounds cream throughout: Rnd 1-2 navy, Rnd 3-4 cream, Rnd 5-6 navy, Rnd 7-8 cream, Rnd 9-10 navy. (60)
- 2** **Work Rnd 11-12** (check-and-adjust) and the Band Rnd 13-17 continuing the same 2-round stripe sequence (cream, then navy, then cream).

Rnd 1-2 (navy)

Switch color every 2 rounds

Finished crown and band
(Part 1 of 2)

 Carry the unused color up the inside of the work every round instead of cutting it, since you switch back every 2 rounds -- this saves a large number of ends to weave in.

Striped Nautical Cap

Brim and finishing, part 2 of 2.

Work the Brim exactly as the Classic Visor Cap pattern, in solid navy, for a clean nautical trim against the striped band.

STRIPED NAUTICAL CAP COMPLETE

Weave in the stripe-carry tails at the very top of the crown and at the band-to-brim join, where they are easiest to hide.

Tweed Fleck Textured Cap

The Classic crown and brim, with a scattered-fleck tweed band - part 1 of 2.

Base: Classic Visor Cap crown, band and brim - stitch pattern changes on the band only

Extra materials: a small amount of a fleck/tweed novelty yarn, or a third accent color, for the tweed dots

CROWN

1. **Work Rnd 1-12** as the Classic Visor Cap crown, exactly as written. (60)

TWEED BAND (WORKED EVEN, NO MORE INCREASES)

1. **Rnd 13:** sc in every st around in your main color. (60)
2. **Rnd 14:** [sc 4, drop main color and sc 1 in the accent/fleck color, pick main color back up] rep around -- this scatters a single fleck stitch every 5th stitch. (60)
3. **Rnd 15:** sc in every st around in main color, offsetting the fleck pattern by shifting the start point by 2 sts so the flecks land in new spots next round. (60)

Sc in main color.

Drop main color and sc 1 in accent/fleck color.

Pick main color back up and continue.

Tweed Fleck Textured Cap

Finishing the band and brim, part 2 of 2.

TWEED BAND, CONTINUED

1. **Rnd 16:** repeat Rnd 14's fleck pattern. (60)
2. **Rnd 17:** sc in every st around in main color. (60)

Rnd 16: work the fleck pattern, repeating as established.

Rnd 17: sc in every st around in main color.

Finished tweed band (before adding the brim).

Tweed fleck textured cap, finished.

TWEED FLECK CAP COMPLETE

Continue with the Brim from the Classic Visor Cap pattern exactly as written, in the main color, then weave in every small fleck-color tail before blocking.

Bucket Hat Style Visor

A wide, all-around brim that keeps growing outward instead of shaping into a visor - crown & band, part 1 of 3.

Base: Classic Visor Cap crown and band - the brim is entirely new

Best in: A firm cotton or cotton-blend that holds a wide brim's shape

CROWN & BAND

1. Work Rnd 1-17 exactly as the Classic Visor Cap crown and band (crown Rnd 1-12, then band Rnd 13-17). (60)

Bucket Hat Style Visor

Wide brim, part 2 of 3.

WIDE BRIM (WORKED IN ROUNDS, ALL THE WAY AROUND - NOT JUST THE FRONT)

1. **Rnd 1:** Join yarn anywhere along the last band round. Ch 1, sc in same st and each st around. (60)
2. **Rnd 2:** [sc 9, inc] rep around. (66)
3. **Rnd 3:** [sc 10, inc] rep around. (72)
4. **Rnd 4:** [sc 11, inc] rep around. (78)
5. **Rnd 5:** [sc 12, inc] rep around. (84)

This continues the exact same increase formula as the crown -- one more plain stitch between increases every round -- just worked outward from the band instead of upward from the center, which is what makes the brim flare into a wide bucket-hat shape instead of curving into a visor.

Bucket Hat Style Visor

Edge finish and completed cap, part 3 of 3.

EDGE FINISH

1. **Rnd 6:** sl st in every st around to close off the brim edge cleanly and stop it from curling. (84)

KEEPING THE BRIM STIFFENED

For a wide brim like this one, a firm iron-on interfacing circle (with a center hole cut for the head) sandwiched between the brim and a lining round holds the shape far better than fabric stiffener alone -- cut it to match the Rnd 5 diameter before sewing it in.

BUCKET HAT STYLE VISOR COMPLETE

Weave in ends and block the brim flat, right side down, with something heavy resting on the outer edge overnight so it dries perfectly flat instead of wavy.

Pastel Rainbow Stripe Cap

The Classic crown in five or six soft pastel shades - crown, part 1 of 2.

Base: Classic Visor Cap crown, band and brim - color changes only
Extra materials: 5-6 pastel shades, roughly 20g each

RAINBOW-STRIPED CROWN

- 1. Work Rnd 1-10** of the Classic Visor Cap crown, changing to a new pastel shade every round in whatever order you like (a light rainbow order works well: pink, peach, yellow, mint, sky blue, lilac). (6, 12, 18, 24, 30, 36, 42, 48, 54, 60)

1

Complete Rnd 1-10 of the crown.

2

Change to a new pastel shade.

3

Continue in the round, changing colors each round.

4

Crown complete (Part 1 of 2).

Pastel Rainbow Stripe Cap

Band, brim and finishing, part 2 of 2.

BAND & BRIM

1. Work Rnd 11-12 (check-and-adjust) and the Band (Rnd 13-17) continuing a new shade every round or two.
2. Work the Brim exactly as the Classic Visor Cap pattern in whichever shade you used last.

PASTEL RAINBOW STRIPE CAP COMPLETE

With up to 10 color changes, weave every tail in twice -- once loosely to anchor it, once to trim the excess -- so none work loose with wear.

Santa Pom-Pom Cap

The Classic crown and band in red, with a faux-fur trim round - part 1 of 2.

Base: Classic Visor Cap crown, band and brim - color changes plus a pom-pom

Extra materials: red and white yarn, white faux-fur or bouclé yarn for the band trim (optional), pom-pom maker or cardboard disc

SANTA CROWN & BAND

- 1 Work Rnd 1-12** of the Classic Visor Cap crown in solid red. (60)
- 2 Work the Band Rnd 13-16** in red, then Rnd 17 (the final band round) in white bouclé or faux-fur yarn for a fur-trim look.

1. Crown (Rnd 1-12)

2. Band (Rnd 13-17)

3. Finished cap

Santa Pom-Pom Cap

Brim and pom-pom, part 2 of 2.

BRIM & POM-POM

- 1. Work the Brim** exactly as the Classic Visor Cap pattern in red.
- 2. Make a 2.5in / 6cm pom-pom** in white yarn using a pom-pom maker or two cardboard discs, trim it round, and sew it to the very center of the crown (Rnd 1's magic ring point).

SANTA POM-POM CAP COMPLETE

Trim the pom-pom again after sewing it on, since stitching always flattens one side.

Snowflake Fair Isle Crown Cap

A two-color snowflake motif carried into the crown - crown, part 1 of 3.

Base: Classic Visor Cap crown, band and brim - two-color stranded colorwork

Yarn: main color (navy or cream) plus a contrast (white or gold) for the snowflake

CROWN, SOLID ROUNDS

1. Work Rnd 1-6 of the Classic Visor Cap crown in the main color only. (36)

Snowflake Fair Isle Crown Cap

Snowflake colorwork rounds, part 2 of 3.

SNOWFLAKE COLORWORK (RND 7-9, STRANDED TWO-COLOR)

1. **Rnd 7:** [sc 5 main, inc in contrast (2 sc worked in contrast into the next st)] rep around -- places 6 contrast points evenly, the start of the snowflake's 6 arms. (42)
2. **Rnd 8:** [sc 6 main, inc in contrast directly above last round's contrast point] rep around, carrying the unused color loosely across the back of the work. (48)
3. **Rnd 9:** [sc 7 main, inc in contrast] rep around, widening each snowflake arm as the crown grows. (54)

This reuses the exact same [sc n, inc] increase formula as every crown in this book -- only the increase stitch changes color -- so the count at the end of each round is guaranteed to match. Carry the color you are not using across no more than 4-5 stitches at a time, catching it under the working color every couple of stitches so it does not pull the fabric in -- the single most important rule for stranded colorwork lying flat.

Snowflake Fair Isle Crown Cap

Finishing the crown, band, brim and close, part 3 of 3.

CROWN FINISH & BAND

- Rnd 10:** [sc 8 main, inc in contrast] rep around to finish, then fasten off the contrast color. (60)
- Work Rnd 11-12** (check-and-adjust) and the Band (Rnd 13-17) in solid main color.

Rnd 10: sc 8 main, inc in contrast rep around.

Finish the crown and fasten off the contrast color.

Work Rnd 11-12 (check-and-adjust) and the Band (Rnd 13-17) in solid main color.

BRIM

- Work the Brim** exactly as the Classic Visor Cap pattern in the main color.

Work the brim in the main color following the Classic Visor Cap pattern.

Finished brim, ready to attach to the cap.

Complete cap with brim and pom-pom (optional).

SNOWFLAKE FAIR ISLE CAP COMPLETE

Turn the crown inside out before blocking to check that no carried strand is pulled tight enough to cup the fabric -- loosen and re-block any tight spot before wearing.

Holly & Berry Motif Cap

The Classic cap in solid green, decorated with crocheted holly and berries - part 1 of 2.

Base: Classic Visor Cap crown, band and brim in solid green

Extra materials: small amount of red yarn for berries, green for 8-10 holly leaves

CAP

1. Work Rnd 1-17 (crown and band) and the Brim exactly as the Classic Visor Cap pattern, in solid green. (60)

HOLLY LEAF MOTIF (MAKE 8-10)

1. **Ch 6. Row 1:** sc in 2nd ch from hook, hdc in next st, dc in next 2 sts, hdc in last st -- this tapers the leaf to a point. (5 sts)
2. Fasten off, leaving a 4in / 10cm tail. Pinch the base slightly to curve the leaf.

Holly & Berry Motif Cap

Berries, placement and finishing, part 2 of 2.

BERRY (MAKE 12-15)

1. MR, ch 1, 6 sc into ring, do not join -- work in a continuous spiral.
2. **Rnd 2:** inc in each st around. (12)
3. Stuff lightly with a pinch of scrap yarn, then sc 2 tog around to close. Fasten off, leaving a tail.

MR, ch 1, 6 sc into ring, do not join -- work in a continuous spiral.

Rnd 2: inc in each st around. (12)

Stuff lightly with a pinch of scrap yarn, then sc 2 tog around to close. Fasten off, leaving a tail.

Group leaves and berries in clusters of 2-3 leaves with 2-3 berries and sew them scattered around the crown and band, as shown in the reference photo.

HOLLY & BERRY CAP COMPLETE

Weave in every leaf and berry tail before blocking -- this pattern has the most separate small pieces in the book, so keep them organized as you sew.

Candy Cane Stripe Visor

Red and white stripes offset every round for a diagonal candy-cane look - crown, part 1 of 2.

Base: Classic Visor Cap crown, band and brim - color changes only

Extra materials: red and white, in equal amounts

DIAGONAL STRIPE CROWN

- 1. Work Rnd 1-10** of the Classic Visor Cap crown, changing color every round (red, white, red, white...) and shifting your join point 1 stitch to the left at the start of every round instead of joining in the same spot -- this offset is what turns straight stripes into the diagonal candy-cane look. (6, 12, 18, 24, 30, 36, 42, 48, 54, 60)

- 1** Start round 1, join with red. Work the first stitch, then shift your join point 1 stitch to the left.
- 2** Change color every round (red, white, red, white...) while keeping the 1-stitch left offset at the start of each round.
- 3** Continue for 10 rounds (or as specified) to complete the diagonal stripe crown section.

Candy Cane Stripe Visor

Band, brim and finishing, part 2 of 2.

BAND & BRIM

- 1 **Work Rnd 11-12** (check-and-adjust) and the Band (Rnd 13-17) continuing the same alternating color and 1-stitch offset.
- 2 **Work the Brim** exactly as the Classic Visor Cap pattern in solid red.

Diagonal stripe with 1-stitch offset (see band section).

Brim worked in solid red (see brim section).

CANDY CANE STRIPE VISOR COMPLETE

If your diagonal looks too shallow, offset by 2 stitches instead of 1 on your next attempt -- the steeper the offset, the more diagonal the stripe reads.

Reindeer Applique Cap

The Classic cap in solid brown, topped with a crocheted reindeer face - part 1 of 2.

Base: Classic Visor Cap crown, band and brim in solid brown or cream

Extra materials: brown yarn for antlers, small black beads or French knots for eyes, red pom-pom or bead for the nose

CAP

1. Work Rnd 1-17 (crown and band) and the Brim exactly as the Classic Visor Cap pattern, in solid brown or cream. (60)

REINDEER FACE APPLIQUE (MAKE 1)

1. **Head:** MR, ch 1, 6 sc into ring, inc in each st around (12), sc in each st around 1 round even, fasten off. (12)
2. **Antlers (make 2):** Ch 8, sl st back down the chain; at the 4th ch from the hook, ch 3 and sl st back down for a small branch. Fasten off, leaving tails to sew.

Reindeer Applique Cap

Placement and finishing, part 2 of 2.

Sew the head to the front of the band above the brim, sew the antlers above it, and sew on the eyes and nose. Repeat the same small head-and-antlers applique once at the center back if you want a reindeer peeking from both sides.

- 1 Sew the head to the front of the band above the brim.

- 2 Sew the antlers above the head.

- 3 Sew on the eyes and nose.

- 4 Repeat the same small head-and-antlers applique once at the center back if you want a reindeer peeking from both sides.

REINDEER APPLIQUE CAP COMPLETE

Position the nose slightly off-center from the antlers for a friendlier, less symmetrical look, exactly as in the reference photo.

Nordic Star Fair Isle Cap

A six-point Nordic star motif in stranded colorwork – crown, part 1 of 3.

Base:

Classic Visor Cap crown, band and brim - two-color stranded colorwork

Yarn:

main color (cream or red) plus a contrast (navy or dark green) for the star

CROWN, SOLID ROUNDS

1. Work Rnd 1-5 of the Classic Visor Cap crown in the main color only. (30)

1 Make a magic ring with the main color yarn.

2 Work Rnd 1 in the main color, placing 6 single crochet (sc) into the ring. (6)

3 Work Rnd 2, increasing evenly around. (12)

4 Work Rnd 3, increasing evenly around. (18)

5 Work Rnd 4-5, continuing in solid rounds without increasing. (30)

6 You will have 30 stitches at the end of Rnd 5. Fasten off and prepare for the colorwork section.

Nordic Star Fair Isle Cap

Six-point star colorwork, part 2 of 3.

STAR COLORWORK (RND 6-9, STRANDED TWO-COLOR)

- 1 Rnd 6:** [sc 4 main, inc in contrast (2 sc worked in contrast into the next st)] rep around -- places 6 contrast points evenly, the star's 6 points. (36)
- 2 Rnd 7:** [sc 5 main, inc in contrast directly above last round's contrast point] rep around, carrying the unused color loosely across the back. (42)
- 3 Rnd 8:** [sc 6 main, inc in contrast] rep around, widening each star point as the crown grows. (48)
- 4 Rnd 9:** [sc 7 main, inc in contrast] rep around. (54)

This reuses the exact same [sc n, inc] formula as every crown in this book, with the increase stitch always worked in the contrast color, so the star's 6 points line up with the crown's natural 6-fold increase pattern and the count at the end of every round is guaranteed to match.

Nordic Star Fair Isle Cap

Finishing the crown, band, brim and close, part 3 of 3.

CROWN FINISH & BAND

1. **Rnd 10:** [sc 8 main, inc in contrast] rep around to finish, then fasten off the contrast color. (60)
2. **Work Rnd 11-12** (check-and-adjust) and the Band (Rnd 13-17) in solid main color.

Rnd 10: work sc in main color, then inc in contrast color. Repeat around.

Crown with 6-fold increase structure creates even spacing for the star points.

Rnd 11-12: work in solid main color (check-and-adjust for fit).

BRIM

1. **Work the Brim** exactly as the Classic Visor Cap pattern in the main color.

Work the brim in the main color using the Classic Visor Cap pattern (see stitch details in that section).

Brim complete, ready for finishing and closure.

Finished caps — classic style for the season.

NORDIC STAR FAIR ISLE CAP COMPLETE

Because the star's 6 points share the crown's own 6-fold increase structure, they come out evenly spaced with no manual adjustment -- block gently so the points stay crisp.

Christmas Tree Motif Cap

The Classic cap topped with a small flat crocheted Christmas tree - part 1 of 2.

Base: Classic Visor Cap crown, band and brim in solid cream or red

Extra materials: green yarn for the tree, small amount of gold/brown for the trunk and star

CAP

1. Work Rnd 1-17 (crown and band) and the Brim exactly as the Classic Visor Cap pattern, in solid cream or red. (60)

TREE APPLIQUE (MAKE 1, WORKED FLAT IN ROWS)

1. **Row 1:** Ch 2, 3 sc in 2nd ch from hook. (3)
2. **Row 2:** Ch 1, turn. inc, sc 1, inc. (5)
3. **Row 3:** Ch 1, turn. inc, sc 3, inc. (7)
4. **Row 4:** Ch 1, turn. inc, sc 5, inc. (9)
5. Fasten off, leaving a tail. **Trunk:** ch 4, sl st back down the chain, fasten off.

This increase-at-both-edges shaping is the same flat-triangle technique used for tree ornaments and gift toppers throughout the crochet world.

Christmas Tree Motif Cap

Placement and finishing, part 2 of 2.

Sew the tree to the front of the band with the trunk at the bottom edge, and add a tiny gold star or French knot at the top point.

CHRISTMAS TREE MOTIF CAP COMPLETE

Once you have the tree's flat-triangle shaping down, you can rescale it larger or smaller for other ornaments and gift toppers outside this book.

Gingerbread Button Cap

The Classic cap in warm brown, finished with a cream picot icing trim - part 1 of 2.

Base: Classic Visor Cap crown, band and brim in warm brown

Extra materials: cream yarn for icing trim, 3-5 small round buttons

CAP

1. Work Rnd 1-17 (crown and band) and the Brim exactly as the Classic Visor Cap pattern, in warm brown. (60)

ICING TRIM

1. **Rnd 18** (worked around the bottom edge of the band): join cream yarn, [sc in next st, ch 2, sl st in first ch (picot), sc in next st] rep around -- the same picot technique used for the Floral Lace Openwork Visor's edge, in a contrast color here for the icing-drizzle look. (60 base sts, picots between each pair)

Sc in next st.

Ch 2.

Sl st in first ch (picot made).

Sc in next st. Rep around.

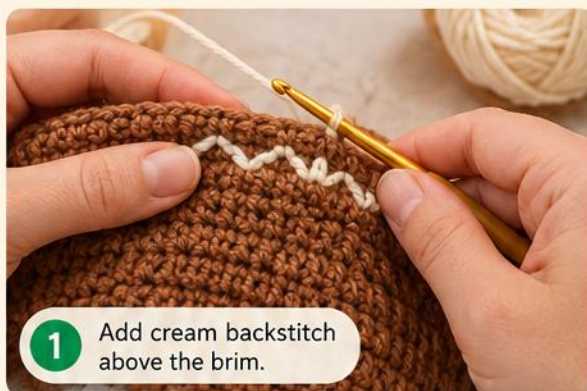

Gingerbread Button Cap

Buttons and finishing, part 2 of 2.

Sew 3-5 small round buttons down the center front of the band in a vertical line, like gingerbread buttons, and add a line of cream icing-effect backstitch above the brim if you would like extra detail.

1 Add cream backstitch above the brim.

2 Sew 3-5 small round buttons in a vertical line.

3 Secure all ends and check the finishing details.

GINGERBREAD BUTTON CAP COMPLETE

Check that any buttons you use are securely sewn through both the front and back of the band's stitch -- a loose button is the most common finishing mistake on this pattern.

Keychains, Booties, Jewelry & Hair Clips

Four quick projects that reuse the flower motif from Section 1 - part 1 of 4.

All four projects below are intentionally quick - each one uses less than 15g of yarn and works up in under an hour once you are comfortable with the abbreviations from Getting Started.

FLOWER KEYCHAIN

Make one Sunflower Motif Crown Cap flower motif, sew it to a 2in / 5cm crocheted circle (MR, 6 sc, inc every st = 12, sl st to close) backed with felt for stability. Attach a keyring through a ch-8 loop at the top. A best-selling, low-material item for craft sales.

BABY BOOTIES

Sole: ch 11, work 1 rnd of sc around the chain (inc 3 sts at each end to turn the corner) = oval sole. Upper: sc evenly around the sole edge for 6 rounds, decreasing gradually at the toe over the last 2 rounds to shape. Add a ch-40 tie threaded through eyelets on rnd 4 for the ankle strap.

Jewelry & Hair Clips

Part 2 of 4.

CROCHET JEWELRY

Work the Sunflower Motif Crown Cap's flower motif at a smaller gauge (2.5mm hook, thread-weight cotton) and glue a jewelry finding (earring post, ring blank, or pendant bail) to the back once the flower is blocked flat and fully dry.

HAIR CLIPS

Ch 20, work a simple bow: 2 dc-shell loops folded and cinched at the center with a wrapped ch-4 tie, exactly as shown wrapped through the caps' center-back drop tie in Patterns 1-2. Glue the finished bow to a metal alligator clip.

FABRIC TOTE BAG CLASSES

The tote bag technique taught in the video lessons uses the same fan-stitch panel from the Floral Lace Openwork Visor, worked as a rectangle instead of a circle, then seamed up the sides with a woven cotton lining for structure - follow the video for the exact panel count for a 12x14in / 30x35cm bag.

Ornament Keychain & Mini Stocking

Two quick holiday accessories that reuse techniques from this book - part 3 of 4.

Both projects below use less than 10g of yarn and reuse a construction you already know from earlier in this book.

ORNAMENT BAUBLE KEYCHAIN

MR, ch 1, 6 sc into ring, inc in each st around (12), sc 1 round even, sc 2 tog around to close (6), stuff lightly, fasten off. Add a ch-6 loop at the top for the keyring and tie a scrap of contrast yarn in a tiny bow at the base - the same MR-and-increase opening used at the start of every crown in this book.

MINI STOCKING

Ch 8. Row 1: sc in 2nd ch from hook and each ch across (7). Rows 2-5: ch 1, turn, sc across, 4 rows even (7). Row 6 (heel shaping): ch 1, turn, inc in first st, sc across, inc in last st (9). Row 7: sc across even (9). Fasten off, fold in half and seam the bottom and back edge, leaving the top open; add a ch-6 hanging loop at the top corner.

Wreath Brooch & Gift Tag Motif

Two quick holiday accessories, part 4 of 4.

WREATH BROOCH

MR, ch 1, 6 sc into ring (6), inc in each st around (12) – the same 2-round flat-circle start used for the Polka Dot Applique Cap's dots. Rnd 3 (loop edge): [ch 3, sl st in next st] rep around for a fringed wreath texture. Fasten off. Sew 3-4 tiny red seed beads on as berries and glue a pin back to the center.

GIFT TAG MOTIF

Rnd 1: MR, ch 3 (counts as dc), 2 dc into ring, ch 2, [3 dc, ch 2] rep 3 times into ring, join – the same granny-square opening round used for the Granny Square Patchwork Cap. Fasten off after 1 round to keep the tag small and flat. Add a ch-8 hanging loop through one corner space and write or embroider "To/From" across the center once blocked.

GIFTING TIP

All four holiday mini-patterns in this section reuse a construction already taught earlier in the book – the flat-circle opening, the picot loop, or the granny-square corner round – so none of them need a new technique you have not already practiced.

Blocking, Stiffening & Fixing Common Mistakes

The last 10% of the work that makes a handmade cap look finished instead of homemade.

BLOCKING

Wet-block cotton pieces by soaking for 15 minutes in cool water, pressing out (not wringing) the excess, then pinning to shape on a towel or foam mat over the target measurements from each pattern. Let dry fully - usually 12-24 hours - before removing pins.

STIFFENING THE BRIM - TWO OPTIONS, BEST RESULT FIRST

Best: plastic canvas or heavy fusible interfacing sandwiched inside the brim, as described in the Classic Visor Cap pattern.

Faster: a light coat of fabric stiffener or a 50/50 white-glue-and-water mix brushed onto the wrong side of the brim, then shaped over a bowl to dry - gives a lighter hold, good for soft everyday wear.

COMMON MISTAKES & FIXES

PROBLEM	CAUSE	FIX
Crown cups instead of lying flat	Not enough increases	Add one more increase round before moving to the band
Crown ruffles at the edge	Too many increases	Skip the next increase round and work one round even instead
Cap too loose on the head	Band worked at too large a gauge	Frog back to the band and redo with a smaller hook
Brim won't hold its curve	No stiffening layer	Add plastic canvas or fusible interfacing per the Classic Visor Cap note
Fair Isle or striped motif puckers	Carried yarn pulled too tight across the back	Loosen the strand every 2-3 sts and let the stitches spread out naturally before pulling it snug
Post-stitch cable or basket-weave band looks flat	Post stitches worked too loosely, or blocked pressed flat	Work post stitches one hook size smaller than the background rounds, and block over a rounded form instead of pinning flat
